Taking God's word to those who haven't heard.

The Front of DIU

Dear Brothers and Sisters In Christ,

October and November have been great months of partnership development and preparation for ministry at school.

By God's grace, since I last wrote to you, I have shared and preached at 15 churches in Louisiana, Texas, Mississippi, and Arkansas. I was able to share at two local association meetings in Texas as well as the Arkansas, Louisiana, and Texas state association meetings. I also got the opportunity to share and preach at the Mt. Hope Association Youth Rally at Faith MBC in Ozark, Arkansas.

I have really enjoyed my Foundations of Translation. We have been learning about the qualities of a good translation. A good translation is accurate to the original, natural, and clear. The Bible is the inspired Word of God and must be translated accurately. When the Scriptures were written, they were written using the natural language of the day in a way that was clear. We have learned about men like William Tyndale who translated the Bible into English. He was burdened by the fact that the English-speaking world without the gospel and the Word of God in their language was without God and headed for Hell. He lived his life on the run translating the Bible into English and was burned at the stake for it. I'm grateful for men like William Tyndale who translated the Scripture into my language. I pray that we would have this sort of burden for those without the gospel and God's Word. We are so blessed to be a part of bringing God's message of salvation to the world. Thank you for your prayers and partnership with me in taking God's Word to those who haven't heard.

Sincerely,

Matthew Thompson
